

LEARNING TOGETHER

fastTrack Forum 2020
10th March 2020 - London

The Airmic *fastTrack* forum, the conference for up-and-coming insurance and risk professionals returns on the **10th March 2020**.

The 2020 event programme is designed to help the new generation stand out in their workplace, by providing thought leadership and discussion on the emerging risk and essential skills that underpin our fast-paced, digital world. Attendees will leave with a better understanding of the challenges they will face in business and how these can be tackled.

Plenary:

Communicating with Confidence

This session will help participants think about their own presence, and how to use this to build connections and long lasting relationships. It will allow them to use their self to influence others.

We frame this from a communication perspective, encouraging participants to consider the image they project of themselves into their organisation and out to stakeholders and clients, and how to build long-lasting relationships as a result.

Plenary:

Embracing the future

Disruption is the new normal and no industry is exempt from change. Life is faster, more complex and connected, more challenging - and more exciting! Although technology will facilitate change, people will take the decisions that will drive change. This context creates new risks and new opportunities and demands a shift in emphasis for the risk professional. The panel will consider future challenges for the profession in an interactive session.
